### VINYL FRAMES - LIFETIME WARRANTY

The sealed insulated glass in Weather King windows and doors, is warranted against material obstruction of vision resulting from film formation or dust collection between the interior glass surfaces of the insulated unit caused by seal failure, due to faulty manufacture of the unit by Weather King, for a period of 30 years from the date of installation. 15-20 Years	70% Charge to Customer
20-25 Years	80% Charge to Customer
25-30 Years	90% Charge to Customer

This warranty is only for as long as the product is owned by the original purchaser from the dealer or distributor. All other component parts are warranted to be free from defects in material and workmanship occurring as a direct result of the manufacturing process for a period of 1 year from the date of the installation.

### PROCEDURE

The procedure for obtaining performance of the warranty is simple. If any part of the product described above should fail, just forward that part prepaid to the plant from which it was purchased. Upon inspection of this part to make sure it failed because of manufacturing defect, a new replacement part will be forwarded to you at no extra charge except for the freight involved. However, some parts are impractical to ship to our factory for inspection, such as insulated glass or structural vinyl members of the products. Therefore to obtain satisfaction of warranty claims for these products, visual inspections will be made by

Weather King. If the inspection substantiates that the material has failed, and is covered under warranty, a replacement part will be shipped to the dealer or distributor involved at no charge except for the freight involved and prorated charges under the glass warranty, if applicable. At its option, Weather King shall be given up to thirty (30) days to inspect any alleged defective products at the job site before approving any repairs or replacement of parts. However, Weather King shall not be required to approve any remedy under this warranty unless and until the dealer/distributor or his representative has personally inspected the part or product and determined that the complaint falls within the limits of this warranty.

### WHAT THE LIMITED WARRANTY DOES NOT COVER

- (1) The window or door must be used for residential use only.
- (2) Weather King shall not be liable for any costs incurred in removing, repairing, or replacing any parts or products at the point of installation or at any place other than it's own factory.
- (3) The warranty does not apply to any damage caused by misuse or abuse of the window or door or any use beyond normal residential use.
- (4) Condensation which may occur on windows and doors as the natural result of humidity within the house or building area, and interior/exterior temperature differential, does not indicate a defect in the product and is not covered in this warranty.
- (5) Glass surfaces will conform to the standards established by federal specification DD-004516, and any irregularity allowed under these standards is not breach of warranty.
- (6) This warranty does not cover (1) cracked or broken glass (2) torn, punctured or creased screen cloth, from any cause.
- (7) This warranty covers only manufacturing defects specified herein and does not include defects or damages caused by: accidents or fire, flood or other acts of God, or by vandalism, riot, civil disorder, misuse, harmful fumes, vapors or chemical pollutants in the atmosphere, mildew, building settlement or structural failure of walls or foundations, stress resulting from localized application of heat, which causes excessive temperature differentials over the glass surface or edges, or any other causes or occurrences beyond Weather King's control.
- (8) This warranty is valid only if genuine Weather King Royal Windows & doors are used, but shall be void if accessory products not manufactured by Weather King are installed which cause defects to occur.
- (9) Weather King reserves the right to discontinue or change Weather King Royal windows & doors as manufactured. If the part or component of the products originally installed is not available and Weather King determines to make replacement, Weather King shall have the right to substitute such part or component designated by Weather King to be of comparable quality. Color match is not guaranteed.

(10) On some installations caulking is used to seal the frames or trim package against water or air penetration. Caulking is not considered part of the window/door and therefore is not covered under this warranty. Caulking is normally considered a maintenance responsibility of the homeowner.

(11) The only obligation assumed by Weather King under this warranty is to repair or replace, at its option, any defective part or parts if returned to the factory by the dealer or distributor, freight prepaid, and to return said repaired or replacement parts at no cost to the dealer or distributor except for freight involved and the prorated charges under the glass warranty. The original warranty period shall not be extended by any such repair or replacement, but the remaining warranty period shall continue in effect and be applicable under the terms and conditions of this warranty to the repaired or replaced part or component.

(12) THIS WARRANTY IS MADE IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND NO OTHER WARRANTY, VERBAL OR WRITTEN, SHALL BE BINDING ON WEATHER KING. THE PROVISIONS HEREOF SHALL CONSTITUTE THE EXCLUSIVE REMEDY OF ANY BREACH OF WARRANTY. WEATHER KING SHALL HAVE NO LIABILITY FOR ANY LOSS OF TIME, INCONVENIENCE, LOSS OF USE, PERSONAL INJURY, PROPERTY DAMAGE OR ANY OTHER SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES.

This warranty is made expressly and exclusively to the dealer/distributor who purchased the products covered herein from Weather King and claims under this warranty must be made by the original purchaser from Weather King. In order for any product to be covered by this warranty, the dealer/distributor must register its customer's name and address at which the products are being installed at the time products are ordered and must submit a properly executed application for warranty certificate within 30 days of the date of shipment.

Some states do not allow the limitation on how long a warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

The above constitutes the complete warranty by Weather King and is totally independent of any other guarantee or warranty made by dealers, distributors, or installers, and applies only to the repair or replacement of parts or components failing in service under the terms provided, when validated after a properly executed application for warranty certificate is received by Weather King.
